COMMUNITY UPDATE

A MESSAGE FROM YOUR M.P

Dear Neighbours,

Thank you for doing your part to protect our community. To date, over thirty percent of Canadians have received a vaccine. Every week, Canada will receive over 2 million vaccine doses to distribute to the provinces. On behalf of our grateful community, thanks to our healthcare workers and essential workers.

My priority is keeping residents of Kitchener-Conestoga safe, and supporting you through this global pandemic. We will finish the fight against COVID-19 by investing in our health care system and in programs to support Canadians.

My office has worked with a record number of constituents this year, and I am thankful to be able to help individuals, families, and businesses in Kitchener-Conestoga. I am honoured to bring your voices, experiences, and feedback to Ottawa.

With our 2021 federal budget, we are making investments that will recover lost jobs and build a more resilient, prosperous, and fair Canada.

I understand that many of us are tired, frustrated, and anxious. I am confident that we will get through this together. I know we have the capacity to come back stronger and support each other as we recover and rebuild. I am here to support and represent you.

Stay safe,

Keeping Canadians safe, healthy and supported

with new funding for health care, the COVID-19 vaccine roll-out, and local infrastructure projects in our communities.

Vaccines

**It's okay
to not be okay.
We are here
to help.**

Canadians can access the confidential and free Wellness Together Canada online tool for support.

For immediate help, text **WELLNESS** to **741741** or visit wellnesstogether.ca
We are in this together.

By the end of the May, we're scheduled to receive over 2 million doses a week, to ensure the vaccines will help protect Canadians. We will have a vaccine for every Canadian who wants one by September.

Vaccines used in Canada are safe and effective. There are many standards and processes in place to ensure the vaccines are safe. Getting the COVID-19 vaccine is an important tool to help stop the pandemic. For information on latest regional vaccine updates including transportation to the clinic and pre-registration, visit regionofwaterloo.ca/covid19.

If you or someone you know is struggling with their mental health during this time, please continue taking care of yourself by accessing virtual resources and tools such as Wellness Together Canada, the Mental Health Commission of Canada's Resource Hub, and Kids Help Phone.

Protecting the Environment

Canada is committed to protecting our environment and cutting carbon emissions. Fighting climate change, including reaching net-zero, is part of our plan to rebuild the economy and create middle class jobs. Our plan will create a cleaner and safer future for our commutes.

- **Lowering home energy bills through interest-free loans for retrofits**, helping Canadians make their homes more energy efficient and to better protect their homes from climate risks.
- **Strengthening Climate Resiliency** by supporting projects that help communities adapt to climate change impacts.
- **Protecting nature** by creating a Natural Infrastructure Fund to support natural and hybrid infrastructure projects.
- **Supporting farmers** to help with the transition to lower-carbon, more fuel efficient ways of farming.

Taking climate action to:

- + Make life more affordable and communities more livable
- + Create jobs and middle class growth
- + Ensure cleaner air and water for our kids and grandkids

March 2021 at the New Dundee Egg-Stravaganza.

Gus keeping me company while I'm working from home.

Melissa Bender was KitCon's Daughters of the Vote candidate.

Visiting local businesses in New Hamburg.

Budget 2021

Budget 2021 is an historic investment to address the specific wounds of the COVID-19 recession, put people first, create jobs, grow the middle class, set businesses on a track for long-term growth, and ensure that Canada's future will be healthier, more equitable, greener, and more prosperous.

 **BUDGET 2021**

Growth for the middle class and all Canadians

- + Supporting the creation of 1 million jobs by the end of the year
- + Creating 500,000 new training and work opportunities
- + Helping businesses hire more workers with the Canada Recovery Hiring Program
- + Expanding the Canada Workers Benefit

Strengthening seniors' financial security and improving their quality of life by delivering on our promise to increase **Old Age Security** for Canadians age 75 and up.

Creating an early learning and child care system to make **life more affordable** for families, **create jobs, grow the middle class**, and **increase women's participation** in the workforce.

 **BUDGET 2021**

Helping Canadian businesses get ahead by:

- + Extending the Canada Emergency Wage Subsidy to keep workers on the payroll
- + Launching a program to help small businesses move online and go digital
- + Creating the Canada Recovery Hiring Program to help hire new workers
- + Reducing credit card transaction fees to lower the cost of doing business

CUT ALONG THIS LINE

Your Voice Matters

- Our government's commitment to making life more affordable for seniors is important to me.
- Our government's commitment to protecting the environment is important to me.
- Our government's commitment to protecting local journalism is important to me.

I also want to bring the following to your attention:

- Yes, I'd like email updates from Tim
- I'd like to receive email updates for businesses from Tim
